FAKE JOB OFFERS

We have received reports from some applicants saying that they have been contacted by individuals claiming to be connected with Nestlé Philippines Human Resources, offering them jobs via text messaging, emailing them job contracts, and asking for fees. This is a hoax.

Nestlé puts a high value on the integrity and professionalism of our recruitment processes. We wish to assure the public that all our job interviews are conducted in the Nestlé offices where we operate, following a structured recruitment process. Nestlé does not ask for any monetary amounts from applicants.

We are very concerned about these fake job offers and have sought the help of local authorities to conduct a thorough investigation on this very serious matter.

Should any of your friends or relatives come across these suspicious job offers, please tell them not to respond. For concerns or clarifications, they may send an email to careers@nestle.com.ph or contact our Care Center Hotline at (632) 898 0061.

MITZIE ANTONIO
Human Resources Director
